COVID-19 in IBD – An update for patients

4 DECEMBER 2020
6 - 7 PM

WEBINAR

IBDnet

PROGRAM

Dear Colleagues

The renewed increase in corona cases in Switzerland is causing uncertainty for many IBD patients. In cooperation with IBDnet and the patient organisation Crohn Colitis Switzerland (CCS), we would therefore like to provide your patients with an update on the latest scientific data related to COVID-19.

We cordially invite you and your patients to a virtual information event on 4 December 2020 at 6 pm around the topic «COVID-19 in IBD patients».

The webinar will also offer the opportunity to ask questions; the speakers will answer the questions live.

We look forward to an informative and interactive exchange.

Kind regards,

Prof. Dr. med. Dr. phil. Gerhard Rogler
University Hospital of Zürich

Prof. Dr. med. Stephan Vavricka
Zentrum für Gastroenterologie und Hepatologie Zürich
President of IBDnet

PD Dr. med. Luc Biedermann
University Hospital of Zürich

Friday, 4 December 2020

6 - 7 pm

SECURE-IBD: What the international patient registry teaches us
